# DEFENCE & AEROSPACE

## MAINTENANCE AND REPAIR

A system is only ever as good as its weakest link and we help maintain and repair your equipment to keep you performing at your best and help minimize any down time and resultant loss of revenue when things do break down. Our aim is to have you back up and running as soon as possible and our entire team is fully aware that time really is money when operations are disrupted. A brief summary of the types of service we provide is detailed below:

- Aircraft Maintenance and Repair
- Ship Maintenance and Repair

## PARTS

Even the most comprehensive of plans will still succumb to wear and tear, hardware and software problems and good old bad luck. At BlindSpot we plan ahead and use our extensive range of suppliers and contacts to get you back up and running as quickly as possible when you run into trouble. Whether your issues are in the air, on land or at sea. Below are some examples of the types of support we offer in terms of naval, aircraft and other vehicle spares.

- Naval Spares (MTU Spare for Motor Type 396/538, Air-Conditioning Systems, Aluminum Profiles and Plates)
- Vehicle Spares (Chassis, Floor Components and Parts, Engine oil Systems)
- Aircraft Spares (Landing Gear, Airframe Parts, Compressor Cases)

## TRAINING

BlindSpot are experts in providing general and custom training in a wide range of areas. Whether you have a new service you're introducing or you're simply employing new staff to work in an area you already operate within.

- Weapon handling and Training
- Combat Medical Training
- Combat Shooting Training
- Maritime Protection Training
- Counter Terrorism Training
- Close Personal Protection Training
- Joint Fires Program Development and Training
- Train the Trainer Courses
